Secretary's Postage & Supp. 8.41  
Cash, Dec. 15, 1954 227.53

\$301.42

Election

Under our constitution, nominees for elective office, by accepting nomination, agree to serve if elected. Perhaps our nominating committee was not persistent enough, but they report that the only persons they could find to accept, were the incumbrent officers and, speaking for those officers, it may be said that their desire to see the Club's activities continue and grow, greatly exceeded their ambition for holding office. Accordingly, the present officers stand reelected.

Guest Issue

All of the material for the Perfins issue of Linn's, the end of February, is in the hands of the Editor. Since the amount submitted was somewhat in excess of the amount that can probably be used, there may be some that will not get in. There is "something for everyone" so a lot of interest should develop. Each member will receive a copy. Please show it to non-members.

The article on Finland in the Posthorn (reported in last month's Bulletin) has now been seen by the Editor. It is the same one that was printed in our Bulletin for November 1953.

Mr. Warrell, our Topical Chairman, has prepared a list of Perfins used by publishers and allied activities. Another is in preparation on States, Counties, Cities and other governmental activities. Those interested in Railroad Perfins, who have not corresponded with Mr. Warrell or Bob Gray are invited to do so.

On a recent visit to Boston, the Editor had a chance to see some of the collection of Lester Littlefield. Besides having one of the largest collections of individual types, Mr. Littlefield has three other specialized collections, all of them appealing: 1. 1902 issues only; 2. coils only; 3. a single example of each Scott value as a Perfin. The latter is almost complete.

The Editor wishes to acknowledge a number of Christmas cards from members. Several of these have been previously acknowledged but it may be that some have been overlooked.

Willing to purchase, at your price, if reasonable, any quantity of U.S. designs #31 to 34--Victor VanLint, 8163 Sewell Av., Fontana, Cal.
