Each of the officers has had considerable mail arising out of the recent special issue of Linn's. We have been invited to participate in a similar issue next year. A number of the new members listed above have come to us through this medium. We welcome them and sincerely wish to be helpful. Along with expressions of interest developing out publicity, we usually get numbers of offers to sell perfins. Some of these offer only small amounts, others have quantities and one collection has been offered. While most of these have been disposed of at this time, members desiring to participate in future offerings are invited to write as there will surely be others.

It has been suggested that mention be made of news concerning members. This has been done at times, when the editor learned of the event but the mention has sometimes been rather tardy. It has been reported that Mrs. Trott has been elected an honorary member of her club in New York. An event that is still in the future is the A.T.A. Convention, TOPEX, to be held in Decatur, Ill., June 17 to 19, under the chairmanship of Member Dessie E. Bodamer. It is regretted that there was not proper opportunity to mention the part taken by the family of Mrs. McKee in the exhibition of the Oklahoma Philatelic Society.
