## Exhibitions

Mrs. Ona McKee, 104 No. Elm, Coffeyville, Kansas, calls attention to MOKAEX 1956 to be held in Little Rock, Ark. on September 21-23. A class of Perfins has been established and entries are invited. Frames accomodating 6 pages cost \$1. She also suggests that the Oklahoma Philatelic Society is holding an exhibition Oct. 12-14; if sufficient interest is shown, she expects to be able to obtain a separate class for perfins and in any event, entries will be accepted in the same group with Topicals.

## German Perfins

The exchange manager of the Bund Deutscher Philatelisten (German Philatelic Society) writes offering to set aside perfin material if he is furnished with information as to what is wanted. He specifically suggests that "Pol" stamps can be had but he does not name prices. Further information has been requested.

## Perfins Issue of Linn's

Before another Bulletin is sent out, the Perfins-sponsored issue of Linn's will be out. A copy of our membership list is being given to the publishers so that each member will receive a copy whether he is a subscriber or not.

## Catalog

Several members who have joined recently have inquired about the letter "K". This was the first letter processed in the new series, circulated before the letter "A". The letter "N" was put aside for "O" because this letter was readt first. Please report your holdings to K.F. Lougee, 203 Pierce St., Jackson, Mich.
