## CHECKLIST OF PERFINS IN UNITED STATES

## NON-DENOMINATIONAL LETTER STAMPS

This list has been compiled from a list originally started by Robert Schwerdt and published in the Perfins Bulletin in May, 2000.

This checklist contains all known patterns of " $A$ " through " $H$ " stamps as well as " $F$ " through " $H$ " make-up stamps. This list does not include non-denominational Christmas issues, presorted first class or those stamps issued for non-profit organizations.

I hope that this list proves helpful to all collectors and encourages both additions to this list and the production of similar check lists for the use of our members. As all lists are ongoing projects, any collector with additional material for this list is encouraged to contact me or the Publications Manager with any additions. Printed copies of this list are available at no charge through the Publications Manager.

Sincere thanks go to Robert Schwerdt for his encouragement, Paul Gault and Bruce Brunell all deceased and Steve Endicott - each for their assistance with valuable additions and proof-reading.
